

Marianne (The Apple Of My Eye) (c) 2024 by Jens Christensen

[Intro]

yearning, for the sign
where shadows paint my dreams of rhyme
and follow me all through my life
the winds of time, my paradise
I, can't stop without a fight
cause love is fate and plight
just looking for a chance to find
forgotten fate

[Verse]

through all my life I searched for her
A woman with a gentle heart
that complements the life in me
and loves me for just who I am ...
oh never did I think I'd find
A woman who's so warm and kind
and fills my heart with all the song
I've wanted for my whole life long ...

[Pre-Chorus]

relinquishing the waves of fire
through deep ravines and mountains high
the radiance that you define
there's nothing stopping me this time ...

[Chorus]

Marianne, you are the apple of my eye
The wind inside my soul
that lifts me to the sky
Marianne, you're the key to all my song
It's as if we've known forever
in my heart where you belong

[Verse]

There she stood before my eyes
The sparkle in her face a prize
The light of dawn she raised so high
As we flew across the skies
She showed me just what love can be
A painted sky, a tapestry
Our passion everlasting
in this unrestricted love

[Bridge]

relinquishing the waves of fire
through deep ravines and mountains high
the radiance that you define
there's nothing stopping me this time ...

[Chorus]

Marianne, you are the apple of my eye
The wind inside my soul
that lifts me to the sky
Marianne, you're the key to all my song
It's as if we've known forever
in my heart where you belong

[Guitar Solo]

[Chorus]

Marianne, you are the apple of my eye
The wind inside my soul
that lifts me to the sky
Marianne, you're the key to all my song
It's as if we've known forever
in my heart where you belong

[Outro]

The beauty in, our song untold
That beats upon, the shores of gold
A dream transformed, your heart divine
Our love endures, the test of time
