

# WAITING FOR ANOTHER

© 2024 by Jens Christensen

## Intro

It's alright ... baby, baby  
oh oh ... oh oh oh ... oh ho ... ah

## Verse 1

in your eyes, I've been waitin' for a fantasy  
comin' alive, right into my reality  
I've been waitin' for this life to be good to me  
show me the way, how to feel what you want with me

and if I could live my life again  
I'd want it to be with you, baby  
there's somethin' you might not understand  
I've been saving my love for you ...

## Chorus

Waitin' for another ...  
Waitin' for another ...  
Waitin' for another  
man to come my way  
I've waited a lifetime just for you  
you better be careful with my love

## Verse 2

Can you feel it in your heart, is it destiny?  
caught in a landslide of emotions like it's meant to be  
in my dreams I've been dancin' with you night and day  
holding you close, thinking you were always there with me

and I've been waiting all this time  
but you were never there for me  
cause this world is yours and mine  
I'll find my intensified love

## (CHORUS 1X)

## Break

ooh hoo ... aha ... yeh yeh yeh

## Verse 3

now I see that you're beginning to believe in me  
trust in yourself and release the opportunity  
I always knew that deep inside you were so right for me  
caught in my spell, now I've got you in my gravity

and if I could live my life again  
I'd want it to be with you, baby  
there's somethin' you might not understand  
I've been saving my love for you ...

## (CHORUS 2X)
